

WATERSKI AND WAKEBOARD SASKATCHEWAN SASKFIRST TEAM FUNDRAISER

The purpose of the Sask First team is to develop excellence in waterskiing and wakeboarding. We strive to develop young athletes and see them medal at nationals, contribute to provincial standings at nationals, receive invitations to national teams, and compete at major international tournaments.

There are 29 athletes from around the province training and competing in classic and adaptive waterski in all 3 disciplines, and in Wakeboard Boat and Cable. We are a proud member of Waterski Wakeboard Canada, and several members of our team are members of Team Canada.

Waterski Wakeboard Saskatchewan is dedicated to building partnerships with the objective of engaging the community in our sport. We believe that sport doesn't build just better athletes, it builds better people.

We are asking for your support of our Sask First team as they train and compete in 2026. There are several ways for you to become involved as a partner with us this season. Please check out some of the following options and contact our office if you have any questions.

Sincerely,

Len Thomas
